

FUTURAL™

Product Declaration

FUTURAL is high-quality A1 pre-coated solid aluminium cladding panels with full compliance to EN and related standards for all relevant application aspects.

Description:	Pre-coated Solid Aluminium Panels
Coating Type:	PVDF
Colours:	Various
Fire Rating:	A1 to EN 13501-1
Aluminium Temper:	3003H24 / 5052H32
Thickness:	3mm
Width:	1000mm / 1250mm / 1500mm
Length:	Bespoke

Standards Compliance

Whole Product:	EN1396 -Aluminium and aluminium alloys - Coil coated sheet and strip for general applications - Specifications
Mechanical Properties: (Aluminium)	EN 485-2 - Aluminium and aluminium alloys - Sheet, strip and plate - Part 2: Mechanical properties
Chemical Compositions: (Aluminium)	EN 573-3 - Aluminium and aluminium alloys - Chemical composition and form of wrought products - Part 3: Chemical composition and form of products
PVDF Coating Properties:	EN1396 & AAMA 2605 * AAMA 2605 is Test procedures and performance requirements for superior performing organic coatings applied to aluminium panels
